“

Aside from the top notch education that I had received, there's always something planned for the students in MUFY so it's not all work and no play. I can't sum it all up in a sentence, but MUFY has developed me to become a better person and I'd definitely recommend this program to other people.”

It helped me lay a solid foundation of skills to cope with my studies at Monash, and I love how the course is structured – not just academically, not just academically, but also with extracurricular activities that built my confidence and social skills. I wouldn't hesitate to recommend MUFY as the experience proved to be invaluable.”
